Subject: RE: UMBC Memo

Thanks, Cliff – look forward to hearing back from you. That is exactly the sentence that I had the question about.

Subject: UMBC Memo

Regarding the following sentence in the July 8 UMBC Memo appended to the SQT data report, I need to convene a call with Carlie and Tim next week to delve into this a bit more. I'll keep you posted.

“A full report of the laboratory passive sampling program is being developed which will include the measurement of both organic and inorganic compounds in sediment porewater.”
